

DACLC

Internationalt Certificerede Ammekonsulenter i Danmark

DACLC is the Danish Association of IBCLCs. It was established on October 23, 2006.

The first IBCLC in Denmark was certified in 2003. Since then 290 have passed the exam.

If you want to contact DACLC, please write to info@daclc.dk

DACLC is an interdisciplinary association for health care professionals in Denmark certified as IBCLC's.

A voluntary board, selected at the general assembly, runs DACLC.

DACLC is a member of the European IBCLC organization ELACTA, European Lactation Consultants Alliance.

DACLC has a board member of ILCA, the International Lactation Consultant Association, connecting IBCLCs around the World.

AIMS • To strengthen the profession of IBCLCs

- To promote breastfeeding by supporting and encouraging scientific and clinical work
- To encourage the development of knowledge and skills regarding breastfeeding and human lactation.
- Running a website
- Setting up national conferences twice a year on lactation management and related issues
- Advertising relevant courses and conferences in Denmark and worldwide
- Encouraging the development of national guidelines
- Taking part in the public debate

MEMBERSHIP Most IBCLC's hold a membership at an annual fee of approximate 50 Euro.

Holders have the advantages of:

- Reduced prices at conferences
- Newsletters 3 times a year
- A chat room on the website
